

MEETING REPORT - 07

Team Name: PMS Date of Meeting: 10.04.2018

Start Time: 10:30 End Time: 12:30

Meeting Location: Epoka University Library

Moderator: Sara Qirko Recorder: Ariola Lami

Other Members Present: Kejda Balla

Ilvana Dollaroviq

Members Absent: _____

Topics Discussed:

We discussed about possible user scenarios, use cases and use diagrams. Ariola had started to work on user scenarios last week, so we made a list of all our ideas that would be helpful to create user scenarios first and then from user scenarios to create the use cases and use diagrams.

Decisions Made:

1. Until the end of this week we should have finished user scenarios, use cases and use diagrams.
2. We should edit some of the sections in the first draft of requirements specification, because we have changed some things in our project idea.
3. We should be thinking about the communication between the polyclinics and hospitals.

Tasks Assigned:

1. Ariola will be working on use diagrams.
2. Ilvana will be working on user scenarios.
3. Kejda will be working on use cases.
4. Sara will revise the first draft of requirements specification. She will make the necessary changes on every section. She will also revise and make the necessary changes in user scenarios, use cases and use diagrams after the members listed above finish their work.

Time, Place, and Agenda for Next Meeting:

Next meeting: 17.04.2018, Epoka University Library

We will discuss about the communication channel between the polyclinics and hospitals. It was suggested to use a QR code for each patient and we will be discussing about the possible implementation.
